

Why Laser Tag is the Perfect Camp Activity

Outdoor Laser Tag is the "Perfect Camp Activity". Campers aged 5 to 17 can participate and have unlimited fun. This is turnkey booking for Camp Directors. We arrive at your camp and will be up and ready in less than an hour. Camps do not need wooded areas since we come with everything needed to setup a great mission field in areas 20' by 20' to 200' by 200' [indoors or outside]. Our staff will equip the campers in a matter of minutes. We come with more than ten different missions that work with campers of all ages. Our staff can set up a program that will allow 100 to 250 campers to experience the game every hour. We can also set up missions for older campers that can keep 40 to 60 campers pumped and excited for over an hour. Our "state of the art" equipment can be used in bright sunlight or complete darkness.
